Safety Bowl questions

1. Why should you wash fruits and vegetables before using?
2. In a vehicle, what is the correct kind of restraint for a 6-year-old who is 4 feet 1 inch tall and weighs 70 pounds?

*See answers at bottom of page

Use NASA computer systems properly

NASA's information technology systems are to be used for authorized purposes only. Unauthorized use of NASA's computer systems may subject the user to disciplinary action. Computers should not be used to visit offensive sites or conduct outside business.

Answers to Safety Bowl questions

1. To remove any residual pesticides or microorganisms.
2. Children up to 80 pounds and 4 feet 9 inches should be in belt-positioning booster seats. Up to this size, they are too small to be safely restrained with an adult seat belt.
